BENSALEM BOARD BUYS THIRTY-ACRE PLOT FOR SCHOOL

Site on Street Road to Be For A Future Secondary School

ACTIVITIES SCHEDULE

Course To Be Offered For Veterans, Starting Next Week

CORNWELLS HEIGHTS, Sept. 12—Bensalem Township board of school directors last evening completed negotiations and signed agreement of purchase for a tract of 30.345 acres on the east side of Street Road as the site for a future secondary school.

The tract, purchased from Minnie B. Hansell, is about 1800 feet north of the intersection of Hulmeville and Street Roads. The purchase price is given as $18,000. Plans to secure the plot of ground at the intersection of Hulmeville and Street Roads, which the board had hoped for, have been abandoned.

Joseph Siegle, president of the board, presided, there being two absentees, George Cragg and Russell Tomlinson.

Dr. George Harrison is continuing to serve this term as medical inspector, his activities at the schools being on Tuesday and Wednesday mornings. Dr. Clifford Lenahan is again serving as school dentist, his periods at the schools being on Thursday mornings.

The activities schedule calls for Parent-Teacher meeting on September 19th; first football game Sept. 27th, at 3.30 at home, Bensalem playing Germantown Friends School; hockey opening here with Newtown at 3.30 p. m., Sept 26th, with games continuing each Tuesday and Thursday afternoon until November 27th. Miss Mabel Ridge will be in charge of hockey; with boys' coaches being Norwood Wetherhold and John Slaven.

A course of study will be opened for former students who are ex-service folk and who need credits for high school diplomas. Classes will open on Monday, Sept. 16th, with classes in the high school building each Monday and Wednesday from 7.30 to 9.30 p. m. Frank Hege, of the high school staff, will be instructor.

Assistance Rolls in County Lowest in The State

The Bucks County Board of Assistance held its regular monthly meeting on Monday at Doylestown. Mrs. Clarence Foellner of Revere, a recently appointed member, attended for the first time.

J. Latta Jones, Chairman of the Board, informed the members present of the status of the assistance rolls in Bucks County. During the month of July, Bucks County had a total of 1022 persons receiving assistance which is 0.9 per cent of the population. This is the lowest percentage of the population receiving assistance in all the sixty-seven counties with only one other county comparable to Bucks County.

Mr. Jones reports that the staff is at present increasing all budgets, in accordance with the Governor's recent ruling, for food for all recipients, and clothing for school age children. This increase will be effective with the checks to be received by recipients of assistance during October.

There are no employable persons receiving assistance. Every effort is made at the time of application for assistance to help those persons physically able to work to secure jobs by referral to the United States Employment Service.

Ike on Way Home

HERE AND THERE IN BUCKS COUNTY TOWNS

Activities of Interest To All in The Various Communities

GLEANED BY SCRIBES

Having returned recently from an 11,000-mile trip to the Pacific Coast, Mr. and Mrs. Clarence H. Smith, of Wycombe, gave impressions of their tour at a meeting of Fineville Grange at the home of Mr. and Mrs. Edward Scarborough, Wycombe, on Monday evening.

Mr. Smith confined his remarks mostly to the routes they covered and to the farming conditions, and Mrs. Smith spoke about the birds and wild life.

During their trip, which lasted seven weeks, Mr. and Mrs. Smith said they passed through great corn and wheat producing countries, and in this connection Mr. Smith said he found it was hard for many of the farmers to get help. He stated also it was quite dry in some sections.

Mrs. Smith's account of the wild life seen on the trip was quite interesting. The national park rangers, she said, try to keep everything true to nature. She reported also having seen some species of birds to be found in this section.

Mr. and Mrs. Harry Swartz, of Gardenville, on Saturday were the guests of honor at a dinner served at the headquarters of Tyro Hall Grange, Buckingham, in celebration of their golden wedding anniversary.

THE GREAT GAME OF POLITICS

By FRANK R. KENT

Perilous Plight

Washington, Sept. 12.

CONCEDING that the employers are anytiing but faultless and that often there is justice in the demands of union labor, nevertheless it seems impossible for any thinking citizen, whether he is of the one class or the other (or among the millions who belong to neither) to contemplate the record of the past year without agreeing that the industrial-labor situation in the country is so bad that it cannot indefinitely continue without peril to us all.

—o—

PARTICULARLY is this true when one considers the present shipping and truck strikes which not only have dealt the nation a shocking economic blow and blocked the transportation of relief to the starving abroad but actually have seri-

SUPERVISORY POST IS SOUGHT BY 63

Preliminary Checks Being Given for Langhorne-Middletown Principalship

FINE QUALIFICATIONS

LANGHORNE, Sept. 12—Sixty-three men have applied for the position left vacant by William A. Thomas as supervising principal of Langhorne-Middletown, Hulmeville-Middletown, and Langhorne Manor schools.

The school board has directed County Superintendent Charles H. Boehm to give a preliminary check on all applicants and to invite a limited number to meet with the teachers' committee. He has 45 scheduled applicants who have proper certification and training expected by the joint board, for a preliminary interview with the teachers' committee. The teachers' committee consists of: Philip G. Lewis, Dr. Fred Scull, Kenneth Cimly, Mrs. William White, Mrs. Alice Pickett, Mrs. Lewis K. Brunner.

No committee in Bucks County has ever had so many well-trained and experienced applicants, says Superintendent Boehm, who indicated that all of the applicants had their master's degree, and a large number were completing the requirements for a doctor's degree in education.

The applicants are coming from all over the East, from Maine to Louisiana. However, most of the applicants are now employed in Pennsylvania, New Jersey and New York.

The preliminary interviews are only given before the teachers' committee. This committee will make recommendations to the joint board as coon as they have interviewed the applicants and have had time to make the necessary checks on the rest of the applicants who rank highest in the estimation of the committee.

TONSILS REMOVED

Mrs. Clara Brescia, Brook street, had her tonsils removed at Harriman Hospital yesterday.

GIRL IS BORN

A daughter was born to Mr. and Mrs. Jack Culligan, Spruce street, at Harriman Hospital, last evening.

A SUMMARY OF THE NEWS

The Wage Stabilization Board refused last night to reverse its decision against negotiated wage increases that brought about the nation-wide maritime strike. Labor members dissented.

AFL unions had declared they would not go back to work unless the ruling was changed and CIO and other non-AFL unions said they would walk out to enforce a wage scale on a par with that won by the AFL. Every salt-water port in the country remained paralyzed.

The OPA and the Civilian Production Administration opened a joint drive to break up the black market in building materials. Butchers trading in black-market meat barred OPA inspectors, but the investigators obtained voluntary information from housewives.

Offense is the best defense against the atomic bomb and "so long as atomic bombs could conceivably be used against this country" the United States should continue to make and develop them, scientists recommended in a suppressed section of a report to the Joint Chiefs of Staff, it was disclosed.

British troops in Greece and American naval "courtesy visits" are "an insult to the Greek people," Soviet Representative Gromyko declared in the United Nations Security Council debate on the Ukraine's charge that Greece is a menace to Balkan peace.

If every nation in the world would take as many refugees as it could, this problem would be solved in three years, UNRRA Director General La Guardia advised the Economic and Social Council. The United States countered a Yugoslav demand for return of her vessels on the Danube by asking that the entire Danubian question be studied.

Reports from Rome and Istanbul assert that Albanian and Yugoslav troops, reportedly equipped and drilled by the Rusian, have been concentrated along the Greek border and that several Red Army regiments are included.

Peace in Greece and in the world depends upon acceptance of the plebiscite that restored him to the throne, King George said in a proclamation, and upon Greece's developing as a true democracy

No nation's economic interest in reparations compares with its interest "in creating conditions essential to enduring peace," the American representative on the Italian Economic Commission of the Conference of Paris said in bluntly declaring that the United States did

THE BIGGEST ISSUE

The oldest and most unsavory device in debating is, when your opponent presents unanswerable arguments, to start calling him names.

So old is this that "the Greeks had a word for it," and so did the Romans—"ad hominem."

For three thousand years mankind has generally acceptd any reliance on such a method as proving that the author of it had no logical reply available.

The Philadelphia Record, writhing under a Republican indictment of the Pennsylvania Democratic Party for its sell-out to the Communist-dominated PAC, has been driven to resorting to this type of mud-throwing.

Tuesday's editorial page in the Record was featured by a hysterical personal attack upon Republican individuals who are not running for any office in the state election.

But in the way of factual reply to the charges heard at the Republican keynote rally at Pittsburgh last Saturday—charges that the national Democratic Party is bankrupting the country via inflation and that the State Democratic Party has sold out to the agents of collectivism—as to these charges, the Record gropes in vain for answer.

There is no answer; no denial, no explanation.

As to national finances, no one in his right mind can dispute that this nation is so far committed in debt nothing but rigid economy can save the government from disaster and collapse.

Nor can any one seriousy challenge the assertion that under the New Deal our government has been led far along the Communist-designed highway to dictatorship; nor that Communist individuals and doctrines have infiltrated into the nerve centers of the Administration, screened by the Democrats; nor that the one staff which now holds the Democratic Party in power, which is the CIO-PAC, is Communist in origin, Communist in design.

BARBER IS GIVEN 4 MONTHS SENTENCE

Charge of Assault and Battery Lodged Against New Hope Man

STRUCK BY CONSTABLE

DOYLESTOWN, Sept. 12—Charles Schuler, 46, of Solebury, a barber, who pleaded guilty to a charge of assault and battery when he appeared in Bucks Co. Court this week, was sentenced by Judge Calvin S. Boyer to serve not less than four months nor more than one year in the county prison. A fine of $25 was imposed and Schuler was ordered to pay costs of prosecution.

When Constable Miles Delany of New Hope, went to serve a warrant on Schuler four months ago, he had to subdue Schuler by "conking" him on the head.

Constable Delany went to serve a warrant on Schuler, sworn out by Florence Miller, with whom Schuler boarded in Solebury. A charge of assault and battery lodged will be dropped because she failed to appear in court.

The 46-year-old barber denied that Florence Miller was his common-law wife or that he was married to her. "She wanted me to eat something and I had a few drinks of wine and the sight—and smell—of food turned my stomach," said the defendant, who admitted slamming the door shut and that she kept opening it and coaxing him to eat.

ODD FELLOWS TO MEET EARLY

Members of Hopkins Lodge, No. 87, I. O. O. F., will meet tonight at seven o'clock and then proceed to Richboro to attend a district meeting.

The State Police Say - - -

Just a minute, Mister. I mean you — the man who always gets into his car in a terrific hurry and drives off at breakneck speed. You don't think you're going to have an accident. But you MAY. And you MAY injure somebody's child IF you keep on driving thoughtlessly fast by that neighborhood school, as you did yesterday and the day before and other times. If you don't care for your own life, be careful for the sake of other folk's children. . . . Drive in school and residential vicinities as if every child were your own.

William Lantell, Former Bristol Resident, Dies

MORRISVILLE, Sept. 12 — William A. Lantell, 84, died at his home, 248 Osborne avenue, here, on Tuesday evening, following 10 days illness.

Mr. Lantell, a former resident of Bristol, had retired 14 years ago after serving as train dispatcher for the Interboro Rapid Transit Co., New York, N. Y., and since then had made his home in this borough.

Husband of Emma Howell Lantell, he is also survived by a sister, Mrs. Arlina Hall, Germantown; and several nieces and nephews.

The Rev. Clifford G. Pollock, pastor of Morrisville Presbylterian Church, will conduct the service at the Hooper funeral chapel, 45 N. Penna. avenue, here, tomorrow at two p. m. Burial will be in Bristol Cemetery, and friends may call this evening.

SMALL HIGH SCHOOL COSTS RUN HIGH

Operational Expenses Are Nearly Twice That of Larger Institutions

CO. REPORT SHOWS

The operational costs of several small junior and senior high schools run nearly twice that of the larger high schools in Bucks County according to County Board Report No. 7, made public this morning by Grace Naylor, secretary of the board, at Doylestown.

Buckingham and Richboro, both six-year high school, lead all high schools in the county and all nearby high schools, including Bethlehem, Easton, Trenton, and Lansdale high schools. The gross cost per child in average daily membership for Buckingham was $215.40 and Richboro, $201.56.

The high cost of maintaining Richboro high school was one of the reasons for a merger of that institution during the past summer with Newtown. Buckingham authorities are also looking to the future hoping that a central Bucks high school will materialize as soon as building conditions and costs warrant public construction.

Robert Shafer, the supervising principal of Buckingham reduced his faculty last year, and again reduced it for 1946-47. Even with all reduced offering, including the dropping of vocational agriculture, that high school will stand to cost the residents several more mills on the tax rate in 1947-48 and 1948-49 when reductions in state appropriation to districts maintaining small high schools becomes effective. For the past decade Buckingham and other districts maintaining small high schools have done the best possible to meet all state standards for a good high school. The state

PLANS AIRPORT NEAR HERE EARLY NEXT YEAR

Andrew A. Budhazy, Bristol R. D. No. 1, Gets State Approval of Project

A COMMERCIAL FIELD

A proposed site for an airport in the Bristol area was approved yesterday, according to an announcement made by the State Aeronautics Commission at Harrisburg. The proposed field is to be located at the Oxford Valley-Tullytown Road and will be operated as a commercial field by Andrew A. Budhazy, of Bristol R. D. No. 1. It will be konwn as the Bodhazy Field, Bristol R. D.

Budhazy when interviewed yesterday afternoon was found plowing in a field. He said that he is a student pilot and has had about 30 hours flying and owns his own plane which is at the Boulevard Airport in Philadelphia. It is a two-passenger plane.

It is planned to build a hangar and construct two runways. One runway from south to north will be 3,480 feet long, and the other from east to west will be 2,900 feet. The work will be planned this winter so that construction work can start early next spring.

The field will be part of a 117-acre farm.

CUTS HEAD

Falling down stairs at her home yesterday, Mrs. Francis Foster, Maple Shade, cut her head. Several stitches were taken in the wound at the office of a Bristol physician, Bucks Co. Rescue Squad taking Mrs. Foster for treatment.

LATEST NEWS BULLETINS

Strike Solution Placed in White House Lap

Washington — Solution of the paralyzing maritime workers strike was placed today in the lap of the White House.

Top Administration officials were to meet to consider the Wage Stabilization Board refusal to approve the striking AFL seamen demand for an increase in pay which they had negotiated with the operators of the steamships.

In New York, striking New York seamen said a "long strike would be conducted until our just demands are met."

On the Pacific Coast, longshoremen and marine firemen planned to join the walkout in a sympathy strike.

Harry Lundeberg, head of the Pacific AFL seamen and powerful figure in the nation-wide strike said picket lines would be established around Pacific Coast shipyards and ship repair docks.

Approve Bond Issue for Upper Makefield

Harrisburg—The approval of a $30,000 bond issue by Upper Makefield Township School District, Bucks County, to construct a school building, was announced today by the Department of Internal Affairs. The Department said the project would be carried out jointly with Newtown Borough School District, Newtown Township School District, and Northampton and Wrightstown Township School Districts.

Trucks Roll Through Holland Tunnel

New York—The first break in the New York truck strike came today when drivers of Locals with bona fide Union contracts began to move their vehicles. Trucks loaded with beer, lumber and other non-perishables were observed rolling through the Holland Tunnel in both directions without molestation from pickets. Many trucks entering New York City bore large printed signs reading "signed up," and identifying the Local. These Locals included 27 and 631, both New Jersey, and 816, of Manhattan.

G. I. IS HEARD IN COURT; TROUBLE OVER NEW JOB

Wife Tells Court Husband Refused To Take Her Out

DRIVER IS LECTURED

Judge Tells Defendant He Should Stop Drinking At Once

DOYLESTOWN, Sept. 12—Testifying in Court here that her husband urged her to go out at night because he wanted to move out, Mrs. Emma Catardi, 25, County Line Road, Warminster, said: "My husband was just waiting for me to go out so that he could leave. His clothes were all packed and in the car."

Her husband, Russell Catardi, 25, is charged with desertion and non-support. He left his wife July 5th and is now residing with his mother on County Line Road.

The defendant, who served two years in the Navy, married Mrs. Catardi in October, 1940. While he was in the service, Mrs. Catardi lived with her family.

"My husband wants to be a manager of a night club in Germantown and it is no decent place for him to work," said Mrs. Catardi.

"After we argued about his taking that job and I told him I wouldn't live with him if he took that job he said we will never get along again," Mrs. Catardi testified.

Mrs. Catardi is employed now and earning $39 a week.

Taking the stand in his own behalf, the defendant said his wife had a bad habit of throwing things at him and cursed at him.

Asserting that girls who pick up young men in a bar-room are stupid and deserve what they get, Judge Calvin S. Boyer on Monday in criminal court here, told Abram H. Leatherman, 23, 35 South Main street, Perkasie, who pleaded guilty to drunken driving, "Unless you change, you are headed for a drunkard's life. You are entirely too heavy a drinker for a man your age."

The defendant, who is a U. S. Gauge worker, testified that he and his friend, Joseph A. Borrell, 23, 115 North Seventh street, Perkasie, picked up two girls in a Perkasie hotel bar May 16th.

THURSDAY, SEPTEMBER 12, 1946

BACK TO NEWTON

The economic soothsayers still are too busy adding up their own paper losses to explain all the whys and wherefores of recent stock market declines. A number of theories have been advanced.

One of these was liquidation on the assumption the decline of the last three months might mean the list was discounting a business peak in the next twelve months. The international situation was pointed to by some observers. Another theory was that the slump may have been in the nature of a climax that could result in a rally.

In plain English, the mumbo-jumbo means that the Wall Street wiseacres aren't sure what hit them—though it is obvious that something did.

And that probably is the significant feature of the stock market break. For a dozen years prophets and professors have been talking about ironing out the peaks and valleys of the business cycle. They established the SEC, clamped down on margin requirements, and set up a regiment of regulatory agencies. They peered at their horoscopes and talked wisely of call money, hedging, Federal Reserve balances, brokers' loans. They pointed accusing fingers at the 1929 crash and said, "It can't happen here."

The big bad wolf was dead and the bear had gone over the mountain. Speculation was out, and the stock exchange now was a market for trading in high grade common stock.

It was a pretty picture and the men who had planned it that way were proud of it. Yet on one day the market dropped $4,500,000,000—or roughly one-fortieth of the nation's annual income—despite all the theories and all the laws and all the agencies. It must be confusing to the experts and the planners who thought they had repealed the law of financial gravity.

Apparently, it's still true that what goes up must come down.

London paper says Uncle Sam now is the watchdog of Europe. Is this a comedown or promotion from his role of banker?

One thing missing in this reconversion period is the $15 silk shirts which followed World War I, or any kind of shirt.

There are signs that the real estate boom is dying down, such as reports that a man the other day asked the price before signing a contract and that some prospects demand to see properties before buying.

Everybody and his brother are trying to get the government, according to a Washington official, refuting the popular impression that it was the other way around.

Add Ho Hum Items: OPA is employing a large force of investigators to hunt black markets.

Recent discoveries lead to the belief the earth is 3,000,000,000 years old, and it is beginning to show its age.

THE BIGGEST ISSUE

Continued from Page One

Communist in method, violently pro-Russian in sentiment, and bent on establishing in this nation that ideal of Communists, a labor dictatorship.

Virtually every count in the above bill of indictment can be backed up from the very news columns and editorials of the Philadelphia Record itself.

As to the nation's financial outlook, the Record, which appears to have reasonably sharp judgment in matters of money, split with the New Deal "ideology" long ago on the subject of gold.

The gold speculations of President Roosevelt were criticized at the time by the Record as being what they were—overtures to inflation.

As for the other matters, turn to the front page of the Tuesday Record. Editorially the newspaper brushed aside the Communist issues as boiling down merely to the fact that "there are a few Communists in a few CIO unions."

The front page gives a different picture.

Nearly half the page is devoted to the sensational labor tie-ups—the maritime strike, the New York truck strike, the Pittsburgh power strike.

These strikes bear the hall-mark of Communism. Probably more than one is being engineered by Communists. It is notorious that foreign Communists are deeply interested, for example, in the maritime strike.

These strikes are identical in pattern with those which a few years ago prostrated France to the Nazi army.

They are possible in free America only because for years the king-pin New Dealers have truckled to, and made deals with, labor bosses who were being led around by the ear by the Communists. Th Federal laws and war purchases were used to build up membership in collectivist-bent unions plotting to overthrow the American system.

Only recently, when President Truman had asked Congress to submit a plan for preventing just such strikes, and when Congress laid the Case Bill before him by an overwhelmingly favorable vote, the President yielded to Communist-CIO pressure—and vetoed the only law in years designed to protect the rights of the whole people.

On one side of the Record front page is a complete digest of the economic impact of these labor manifestations: "Stocks Nosedive in Selling Wave; Strikes Blamed."

On the other is one of the most revealing and convincing stories yet printed about what goes on in the top-flight CIO leadership. It is a news account from Milwaukee, where the convention of the United Electrical, Radio and Machine Workers (CIO) is being held.

Unhappy members of that union say boldly what the Record sees fit to deny—that Communists and pro-Communists hold the reins of this union, one of the most important of the whole CIO heirarchy.

The embattled insurgent faction in the union is seeking to throw the Communists out of power; not, in their own words, because they are Communists, but because they "are using the union to further their own political beliefs."

But even the Record news story, revealing as it is, sidesteps the most significant point, the one most illuminating to the Pennsylvania voters.

Who are these UERMW chiefs whose own union conferees accuse them of seeking to Communize the United States?

They include most of the brain-trust of the PAC!

They are the identical figures who, most obviously, must have ratified the PAC deal with the Democratic candidates in Pennsylvania, whereby the PAC is to buy the election for the Democratic hopefuls—and collect no one knows what!

Significantly, the Record says the Democratic Party has "repudiated" Communistic aid.

The word is singularly well chosen. Look it up, and you will find that it means "to cast aside," or "to discard, as a wife."

You cannot "repudiate" what has never been tied to you. The Democratic Party in Pennsylvania, in order to "repudiate" Communism, must previously have "married" it. It did—it married Communism through its deal with the PAC; and it cannot now cheerfully divorce itself merely because the connection is becoming politically embarrasing.

There are past actions and commitments which can no more be "repudiated" in this easy fashion than a skunk can divorce his bad odor.

The Great Game of Politics

Continued from Page One

ously threatened the food supply of our greatest city and caused distress in a number of others. Regardless of the merits of these strikes, regardless of who is responsible or what caused them, they do take the nation by the throat, menace the existence of the people as a whole and ought not to be allowed to happen.

—o—

PRACTICALLY no one other than the professional labor executives and their tools, plus the Communist leaders who consistently strive for economic chaos, will dissent from that view. The overwhelming mass of American citizens firmly believe that no group or class should have the power to endanger the lives, health and happiness of the people as a whole. No one will dispute that. And yet, the people have permitted, almost without protest, a group to acquire—and to use—exactly that power.

—o—

IT IS almost incredible that they have not seen the dangers of the partnership in the Democratic party and in the Government into which the late Mr. Roosevelt, for purely personal political reasons, admitted the labor bosses and which inevitably has led to their domination of both. It is almost incredible that the inherent evils of this partnership were not plain and that the excesses to which it was sure to lead were not foreseen. As things stand today the Administration is still deeply involved politically and the legislative advantages of the unions are so great that the whole situation has become absurdly lopsided.

—o—

THE Government of the United States is futile in a national crisis and both political parties are afflicted with fear of the irresponsible labor bullies. These oppose every proposal, however, clearly in the public interests, to amend the existing laws. Until we get an administration without servility toward, and without fear of, these labor bosses, now grown unprecedently arrogant and ruthless, nothing can be done. We will continue without a decent national labor policy and our economy will continue to deteriorate.

—o—

OUR prestige abroad and the strength of our foreign policies will diminish in proportion to our domestic difficulties. We will be humiliated at home by the helplessness of our Government and mortified abroad by the spectacle we present of how badly our democracy works. We will be weakened all down the line—in real danger of losing our liberties. This is not an exaggerated statement. It is a simple presentation of the facts.

—o—

THE SOLUTION—If there is a solution—is that one or the other of our major parties—or both—awakening to the degradation and peril of this union labor political domination, shall, as a matter of equality and justice, declare in favor of the revision of the iniquitous Wagner Act in a form to take away the power of any group to strangle the nation and restrict the necessities of the people. This prospect would be better if there seemed in either party a leader of men capable of measuring up to the situation. Perhaps, one will arise but at the moment there does not seem to be one in sight who has any real chance to be nominated for the presidency.

not intend to pour financial aid into Italy so it could go out in indemnities to others

The Arab States rejected any partition of Palestine, the only basis acceptable to Zionists, and informed the British that no part of the Holy Land should be taken from the Arabs to settle a world problem.

Chinese Communists suffered an additional loss to their military position when the Nationalists captured Kupehkow Pass and won other victories. Nationalist planes strafed a truce team because the Communists had forced the members to join a retreating column, the American chief of the mission said.

Pastor
Bethel A. M. E. Church, Bristol

—o—

Eternal, ever-living God, we look to Thee who art the Author and Finisher of faith. What we are and what we become depends upon Thy love and goodness. Prepare us to stand every storm of doubt. Let our work be blessed by Thy hand and our name be recorded by Thy will. Teach us to know Thee by thy righteous ways and square our lives by the standard of Christ Jesus, Thy Son. Let us grow like Him through Thy purifying love. Amen.

New Taste-Tempting Ideas Add Zest To Meat Stew

Meat stews are often associated with fall and winter, perhaps because they are so hearty and satisfying, and because the familiar winter vegetables are the proverbial ones to use in a stew.

This type of dish has definite advantages from the point of view of preparation. It's so easy to let the meat simmer slowly while you're busy around the house—then, a short while before serving, to add the vegetables; and eventually serve them all together on one large platter.

Meat stews may be made with many different kinds and cuts of meat—any one of the less tender cuts of beef, veal or lamb; the variety meats such as heart, tongue, or kidneys; or even a combination of meats. A novel idea for varying the dish is to add cubes of ready-to-serve meat, just long enough before serving so that the meat will be thoroughly heated. Bologna, salami, pork loaf or sliced frankfurters are excellent used this way, and give the dish new zest and a delightful, spicy flavor.

Another way to change a stew is to use vegetables fresh from the garden. You can enjoy so much more variety than is possible in the wintertime, and the garden vegetables give that special appeal of freshness to the dish. Try green beans, young carrots, potatoes, and a few green onions in a lamb stew. Green peas are also good, but are best cooked separately and added at serving time. Lima beans, celery and tomatoes make a good combination for a beef stew.

New green cabbage is another vegetable to keep in mind; try it with peppers to give zip. Chunks of cucumber are a novelty in stew, and some squashes may also be used. With some of these vegetables, it is preferable to pour off the juice to be thickened for gravy, or remove the vegetables and then thicken the gravy with the meat.

Try using herbs to vary the flavor. An assortment of these may be tied in a small bag and placed in the cooking water. Serve the stew platter style, for a truly impressive-looking meal. The vegetables may be arranged around the meat, each kind by itself, and the platter attractively garnished. You can count on such a dish to receive a hearty welcome at any season!

Beef or Veal Stew

2 pounds veal or beef for stew
2 tablespoons lard or drippings
3 medium onions
2 teaspoons salt
½ teaspoon pepper
2 pounds green beans
1 bunch celery, cut in 3 to 4-inch pieces
1 green pepper, sliced
2 cups tomatoes.

Order veal shoulder or boneless breast, or beef shank or boneless chuck, and have it cut in 1-inch cubes. Brown meat on all sides in lard or drippings. Add whole onions and seasonings. Cover closely and cook slowly 1½ to 2 hours, or until the meat is tender. About 45 minutes before the end of the cooking time and remaining vegetables and cook until done. Serves 6 to 8.

SHOPPING TIPS FOR BUDGETEERS

GORGEOUS PLASTICS—handbags in satin-smooth calf effect or brilliant patent. Made on exciting shell-like or metal frames. All styles are available—pouches, flats, envelopes, styles with zippers, top-handles, under-arms. These plastics are guaranteed not to crack. Only $4.85 plus 20% tax. Have at least two good bags! You cannot do better in price and style than in this Snellenburg Handbag Dept. (1st fl.)

REAL HOLLAND BULBS! Tulips a gardener dreams about! Plant them now for lovely spring blooms. Twelve for 95c, or $7.49 for one hundred. Your choice of red Bartigans, red Campfires, yellow Golden Ages, near-black Les Tulipe Noires, white Mrs. Grullemans, rose Philip Snowdens, pink Princess Elizabeths, scarlet William Pitts, white Zwanenburgs! Other tulip beauties at other prices, as well as precious crocuses of many kinds. Snellenburg Garden Dept. (1st fl.)

"KI-YAKS"—the grand new "loafers" that the Snellenburg Shoe Department is showing for school and college wear are pippins. Hand-sewed "Ki-Yaks" have leather-like "Neolite" soles that out-wear leather. The girls applaud the roomy moccasin toes, and adore the slit cross-pieces for inserting lucky pennies! Just the right height heels, not too low, not too high, and a bit on the flat side. Sizes 4 to 9. $5.95. (1st fl.)

HOME HELP for school children is all too rare. This is often responsible for the development of poor and fearful students, delinquents, even young criminals. Even when parents are not equal to helping with actual studies, a home library shelf of reference books and study helps can be provided, at no very great cost. It is ideal, of course, to have an encyclopedia set, even a second or third hand one. However, anyone can own a modern and inclusive dictionary such as the new "Webster," now to be had in the Snellenburg Book Dept.! Indeed, such a dictionary is a grand addition to even an encyclopedia, for quicker reference. This Webster is edited by experts, has clear, highly readable type. Priced at $1.50. Equally necessary, for younger children, is Snellenburg's fine "Standard Junior School Dictionary." It has large type, simplified definitions, many illustrations, and even exciting quizzes for faster learning! Price $2. Provide these two excellent helps for the new school term! (1st fl.)

AVOID COLDS by supplying auxiliary heat between now and when furnaces are going full blast. Even in that wintry weather there are times when a portable heater is needed in sickness or in some cool corner. The Snellenburg Housefurnishings Dept. has ever so many heater models. I advise shopping while there is such a wide choice—before the real rush to buy. Prices range from $3.76 for simple but effective bowl reflector type, to a powerful radiator model at $47.95. I was especially attracted by the beautiful ivory and gold fan-type "Comfortair," at $24.16. It looks like a table radio, and it is said to raise the temperature of an average room ten degrees in about five minutes! Can be used as summer fan. Electric heater prices include the 20% Federal tax. (3rd floor.)

SHORTIES—those smart little top-coats for fall and milder winter days are parading at their best in the Snellenburg Coat Dept. Priced at $35, these smart successes are fashioned of 100% wool melton cloth, diagonals, or suede finishes. They come collared or collarless, with dropped or squared shoulders, belted or beltless, fitted or boxed. Moreover, these shorties not only come in black but in a veritable array of colors! Nice price for all this! (2nd fl.)

STURDY TRUNKS are needed to travel back and forth from home to school or to college. Snellenburg has some good "lockers," with generous space, yet low enough to keep under a bed or to tuck into a closet. These lockers have top trays, two heavy drawbolts, sturdy center locks, center handles for help in lifting. Furthermore, the lockers are waterproof. In conservative marine green, trimmed with black metal binding for added strength. Priced at $10.75, plus 20% tax. (1st fl.)

BATES SPREADS are my favorites, in both design and quality. Designed by artists, the weaves are firm, the colors laundry-loving, material practically wrinkle-resistant. For my money they're perfect! The Snellenburg Bed Coverings Dept. is now showing Bates designs suitable for school and college rooms. Men will like the Mexican "Juarez" stripe—tan base with red, green or rust. $6.50. Altogether charming for the girls are the "Maypole" design at $5.50 and the "Fern" at $5.50. Both patterns come in rose, blue, green or gray, with white. (2nd fl.)

P.S. Do send clippings with mail orders when you can! Phone free (5c, 10c, and 15c out-of-town calls only). Penna.—ENT. 10160; Jersey—WX-1150. Shop located Market, 11th to 12th Sts., Phila.—through to 1125-29 Chestnut St. Be hearin' from you!

47 CANDIDATES REPORT FOR GRID TEAM AT BENSALEM

Coach 'Woody' Wetherhold Looks Forward To A Successful Season

7 LETTERMEN BACK

Varsity Squad Has About Been Selected After Two Weeks' Observation

CORNWELLS HEIGHTS, Sept. 12—With a list of 47 candidates practicing daily, Coach "Woody" Wetherhold, of the Bensalem Township High School, is looking forward to a successful season on the gridiron.

Wetherhold, who recently returned to his coaching position, after being discharged from the U. S. Navy, has seven lettermen back from last season's squad, including his triple-threat back, "Jack" Hansen.

His other lettermen include: "Ed" Salmon, an end; "Don" Loper, a tackle; "Mort" Dyer, a guard; "Dick" Feldman, a center; and Bob Kleha, a backfield star, and Phil Laster, another backfield ace.

Around these seven players, Coach Wetherhold is moulding together his 1946 edition of the Owls' football team which opens its season on September 27th against Germantown Friends on the home field.

Coach Wetherhold has a good idea as to whom may make the varsity squad after watching his proteges for the past two weeks. For ends, he likes the work of Bob Dapp, Bob King, and George Ashton. King made the team last season but was injured in the first tilt and spent the year on the side-lines. His other candidates for the wing positions are: Bill Vanzant, Stan Avery and Frank Gray.

Fay Allen, Dick Trapp and "Ed" Vanzant are almost certain to win tackle posts although they are receiving plenty of opposition from Dick Clauser, Jim Farrer, Leigh Johnson, Jerome Mitchell, Harry Kisters, Edgar Mullen, and "Russ" Redwitz.

Johnny Brucks who substituted at guard last season has already won a varsity position as have Bill Vandegrift, Johnny Raupp, Joe Plunkett, Clarence Schmidheiser, Walt Mullens and Dick Sware. The other boys attempting to win a guard position are: Albert Gieger, John Gendek, and Clifford Long.

Aiding Feldman at the pivot position will be Harry Aikens. Two other aspirants are also seeking a center berth, they being Walter Frederick and "Art" Silcox.

The backfield which will start the games will most likely be composed of: Hansen, Kleha, Laster and Frank Cantwell with Jimmy Daley being first to enter the contest.

All of the backfield candidates have shown well in the practice sessions with nine others trying for berths. They are: Bob Franco, Frank Koby, "Ed" Oliver, Warren Brady, "Jimmy" Cullen, Layton Usilton, Bob Halfhill, Nelson Hoffman and "Ed" Tinsman.

The schedule is as follows:

Fri., Sept. 27—Germantown Friends home.
Sat., Oct. 5—Newtown, away
Sat., Oct. 12—Penna. School for Deaf, home
Sat., Oct. 19—Bordentown Manual, away
Fri., Oct. 25—Southampton, home

Fri., Nov. 16—George School, away
Thurs., Nov. 28—Langhorne, home

ST. ANN'S GRID TEAM TO REPORT FOR PRACTICE

All players of the St. Ann's A. A. will report for practice this evening at six o'clock on the Maple Beach field. Manager "Spike" Scordia is calling the practice session to prepare for the fourth game of the Bristol Suburban League playoff series with the Hibernians.

St. Ann's is leading in the series, two games to one. A victory for the "Saints" this coming Sunday will finish the series and give the Wood street organization the playoff championship as well as the regular season crown.

The Hibernians will also hold a practice session with Leedom's field as their grounds.

Should the Hibernians win Sunday and even the series, the fifth game will be played under the auspices of the Bristol Suburban League with the receipts of the game going to the League's treasury.

FRACTURES ARM

Falling from a bicycle yesterday, Lawrence Headley, Cedar street, fractured his arm. Bucks Co. Rescue Squad took him to Hahnemann Hospital, Phila.

Ye Olde Hunting Club Conducts An Outing

EDGELY, Sept. 12—Ye Olde Hunting and Fishing Club of Edgely held its first annual picnic Sunday on the farm of Mr. and Mrs. Robert Nickerson, near Tullytown.

A corn and "doggie" roast was participated in, and all children were presented with rainbow soap bubble mixture and wands.

Quoits, horseback riding and games were enjoyed. In a trap shoot for the men, Edward Blush was 1st; Howard North, 2nd; and Edward DeKoyer, 3rd.

Those in attendance: Mr. and Mrs. Evald Caullwine, Mrs. Fred Oppman, Thomas Dunbar, Mr. and Mrs. Joseph Wolvin, Mr. and Mrs. Joseph Repas, Mr. and Mrs. Thomas Livesey, Earl Nickerson and family, Mr. and Mrs. Robert Nickerson, Howard North, Mr. and Mrs. Elmer VanDongen and children Barbara, Carol and David; Mr. and Mrs. Edward DeKoyer and children Edward and Gertrude, Edgely; Mr. and Mrs. Theodore Downing and daughter Patricia, Mr. and Mrs. Lewis Storms, Mr. and Mrs. Howard Smoyer, Mr. and Mrs. Clement Smoyer, Arthur Savage, Bristol; and Mr. and Mrs. Rene Fretz, Emilie.

Small High School Costs Run High

authorities gave both moral and financial support to them. However, in Buckingham and other Bucks County school districts, the local school authorities are the victims of a new state law which for the first time in the history of public schools, many rural districts were placed on an unfavorable position in state aid at the same time that the cities enjoyed unprecedented increases in state aid.

The Junior-Senior high schools in Bucks County which offer a broad high school program lead the traditional 4 year high school in operation costs. This was to be expected. Of the larger 6 year high schools, Morrisville and Bristol have one of the lowest cost per student.

Under the old law for state appropriation, Buckingham received the largest amount of state aid per child in Bucks or nearby high schools. It received $100.34 per pupil, whereas Doylestown only received $60.08 per pupil. When the state aid shifts from the number of teachers employed, to the number of pupils in school, Buckingham will stand to lose a considerable amount.

The following gives current expenses per child in average daily membership, as given in the county board report:

Buckingham	$215.40
Richboro	201.56

SAGOLLA IS NAMED AS COACH AT THE NEWTOWN SCHOOL

Bristol High Graduate Was Four-Letter Athlete At Local School

ON ALL-BUCKS XI.

Served In Navy; Holds B. S. In Physical Education, Social Studies

Dominick ("Sags") Sagolla, son of Mr. and Mrs. Frank Sagolla, 228 Penn street, has been appointed coach at Newtown high school. Since his marriage three years ago, coach Sagolla has been residing in Philadelphia.

The newly-appointed Newtown coach is a graduate of Bristol high school, class of 1936. While at Bristol high, Sagolla was a four-letter athlete, winning his laurels as a quarterback of the football team, third base on the baseball team, javelin thrower on the track squad, and guard on the basketball team. He also worked on the side-horse and rings as a member of the "gym" team.

In 1936, Sagolla was picked as quarterback on the All-Bucks County football team. He played ten years on the gridiron, putting in four seasons with Bristol high, two with St. Ann's A. A. independent team, and then four additional seasons with Lock Haven State Teachers College.

He graduated from Lock Haven State Teachers College, and while there earned his letters in football and track.

Coach Sagolla, 28, served four years in the U. S. Navy, being discharged in September, 1945, as an aviation chief machinist mate. He holds a B. S. in physical education and social studies.

During his summer months off at college, Sagolla played baseball in the Bristol Twilight League. He has a host of friends in this vicinity.

TOUGH TANKERS

ANCHORAGE, Afaska—(INS)—American tankers are tough—even when they snap in two in an Arctic storm. The S. S. Sacketts Harbor two-year Pacific war veteran lost her bow but the crippled stern limped in to Anchorage, Alaska. Anchorage needed an emergency power supply due to a breakdown, and the 6000-horsepower steam turbines of the Sacketts Harbor are now lighting the city.

G. I. is Heard in Court; Trouble Over New Job

Continued from Page One

While taking the girls to their home in Quakertown, the defendant's car crashed into a telephone pole. One of the girls was injured and underwent treatment in the Quakertown Hospital. The defendant said he paid her hospital bills.

"Any man in his right mind who drinks a string of drinks and then decides to drive a car is just stupid," Judge Boyer said giving the defendant a verbal lacing. "You are willing to take a chance on other people's lives for a quarter of a mile," Judge Boyer commented.

The defendant, who admitted having several beers and five or six whiskies, told the Court that he was all right. He was pronounced unfit to drive a car by a Quakertown Hospital physician, Dr. Phillips, and arrested by a Pennsylvania State Policeman from the Quakertown sub-station.

His friend, Borreil, describing his friend's degree of intoxication, said: "He seemed all right; he wasn't staggering.

Leatherman, who was arrested for making an improper pass—passing on a white line—several months before this charge, was given a suspended sentence and placed on probation for two years, with the understanding that he remain absolutely sober, surrender his driver's license, pay the costs of prosecution and a fine of $200 and not make application for a driver's license in the future until the Court has approved it.

"If you had collided with another car instead of running into a telephone pole, and injured strangers, the Court would have sent you to jail," Judge Boyer remarked.

Leatherman denied that he had a reputation for drinking too much, but admitted that he liked to go out every Saturday night.

K. OF C. BOWLERS TO MEET TO FORM TEAM

A meeting of all bowlers of the Knights of Columbus will be held tonight at eight o'clock at the K. of C. home, Radcliffe street.

Final arrangements will be made for the Knights of Columbus Bowling League which will compete on Sunday afternoons. All bowlers must be present in order to be assigned to his team.

George Dougherty, athletic director of the Knights, is organizing the bowling circuit and at the same time is placing a Knights of Columbus team in the Major League of the Bristol Bowling Association.

HULMEVILLE

The Misses Clara and Grace Illick were entertained from Saturday until Monday by their sister, Mrs. Anna Coxon, at Frackville. The Misses Grace Illick and Adeline E. Reetz spent Monday and Tuesday at Seaside Heights, N. J., and left yesterday for Flushing, L. I., to visit Mrs. Helen Newhoffer.

The week-end was spent by Mr. and Mrs. Edward Price as guests of Mr. and Mrs. Jules DeWaele, at their home in Narberth.

Negotiations were completed yesterday by Dr. and Mrs. John Walker for purchase of a 104-acre farm located partly in Middletown Township and partly in South Langhorne borough. Formerly known as the Matthews farm, the tract contains an eight-room stone farm house, also tenant house.

The monthly meeting of the Ladies' Aid Society of Neshaminy Methodist Church was presided over on Tuesday evening by the vice-president, Mrs. Samuel K. Faust. The session was held at the home of Mrs. Charles Hunsberger, with Mrs. George Spill as co-hostess. Twenty-one attended. A "white elephant" sale netted $10.55. Refreshments were served. The next session will be at the home of Mrs. Edward Winder, Middletown Township, with a Hallowe'en party planned for that evening.

Members of William Penn Fire Co. and Ladies' Auxiliary who plan to attend the quarterly meeting of Bucks County Firemen's Association on Saturday at Buckingham, are asked to meet at the local fire station at seven p. m.

Work of Moving 47,000 Bodies Now Under Way

PHILADELPHIA, Sept. 12—(INS)—A four-month task of moving 47,000 bodies from a Philadelphia cemetery to a Bucks County Burial ground is underway today.

The bodies are being transferred from the 107-year-old Lafayette Cemetery, in South Philadelphia, to the Evergreen Memorial Park, in Bensalem Township.

Apartments and store buildings will be erected on the Philadelphia site when the job is completed. The cost of the mass re-interrment, which followed a five-year court fight, has been estimated at $165,000.

KNOW YOUR STATE

The forthcoming celebration of Pennsylvania Week by communities and business firms throughout the State September 17 to 23, gives all of us an opportunity to realize the tremendous achievements and remarkable advantages of this old Commonwealth in which we have made our homes. No spot on earth has been the scene of more events that have changed the history of the modern world than Pennsylvania. It was on our soil that free government was first begun and practiced to set an example to all the nations, and it was also on our soil that the two decisive events of American history occurred — the survival of Washington's Army in the bleak winter of 1777 at Valley Forge, and the battle of Gettysburg.

Pennsylvania was the world's pioneer in the coal, the petroleum, and natural gas industries, in the commercial manufacture of aluminum, and in radio broadcasting. The word's first successful steamboat was an invention of a Pennsylvania craftsman. Pennsylvania's forests and mines supplied our infant nation with the fuel energy for its first railroads.

Pennsylvania does not, however, depend upon its historic importance for its place in the modern world. With the largest known supply of anthracite and with vast bituminous fields, the State has always led our nation in its output of coal, coke and coke by-products. It produces nearly one-third of all the steel and iron of our nation. It leads in cement and stone. During the recent World War the Commonwealth equaled or surpassed the total production of Germany in the ferrous metals and had an output greater than that of any other nation or empire in the world. It is first in America in fifty types of manufacture including many of the most important textiles. It is one of America's great agricultural states with America's second largest rural population. It has also two of the nation's ten largest cities and more small cities and towns than any other state.

Yet more than one-half of all Pennsylvania's area is in forest land, and the scenic beauty of our woodlands, streams, lakes, and hills is known to all America.

Pennsylvanians are modest people and are usually content to let these facts speak for themselves, but it can do us no harm for a little while to tell ourselves and to tell the world how remarkable in so many ways are the 45,000 square miles of the Keystone State in which we earn our living and take our pleasures.

NO KISSING AT THIS WEDDING

FIRST COUPLE TO BE MARRIED in the Immanuel Evangelical Lutheran Church, Batavia, Ill., since the Rev. Walter Schlie (center) passed the rule banning the custom of kissing at ceremonies at which he presides are Esther Hohenberger, 22, and Henry R. Meyer, 24. Reverend Schlie said "kissing in public was never in good taste, and particularly offensive in the marriage ceremony which is a sacred service." He added, that the "clasping of hands in the vow is enough." (International)

Barber Is Given 4 Months Sentence

Continued from Page One

He explained his behaviour toward the constable on the grounds that he thought it was some man coming to take one of his dogs.

Constable Delany testified that when he went to the defendant's house he was greeted with a remark "When I do come out you will be ——— sorry." "I thought I heard the bolt of a rifle click and decided to get the car between me and the front door. Schuler came out of the house and pointed the shotgun through the car window at me. I grabbed the gun out of his hands and tapped him on the head with it." Constable Delany testified.

The defendant, who was treated at the Emergency Hospital, has been in prison since May 18, and will probably will apply for a parole next week.

He was in trouble once before having served six months on a breaking and entering charge in Montgomery county.

"Because you were intoxicated does not excuse your conduct. In fact, drunkenness, in the sight of the law, only aggravates your offense," Judge Boyer said.

Endorse Governor's Call To End "Fixing" Violations

Governor Edward Martin's call for an end to "fixing" of traffic violations as a means of helping reduce the highway accident toll in Pennsylvania was heartily endorsed today by The Automobile Club of Philadelphia—AAA.

"The Automobile Club of Philadelphia is unalterably opposed to 'the fix' because it believes that this activity is a potent although indirect cause of many traffic accidents and thus of injuries and deaths of highway users," declared James T. Haviland, president of the club.

"Fixing creates disrespect for law, it undermines the work of police and enforcement officers and consequently weakens their morale," he pointed out. "Besides the fellow who gets a ticket fixed after going through a red light is going to do it again and has a very good chance of ending up as a patient in a hospital accident ward or in a morgue," Haviland added.

"We sincerely hope that all good citizens will take the Governer's words to heart and realize they apply to them and not just to 'the other fellow'," he said.

Badger School Auction Date is October Fifth

The date set for the auction sale of the Badger school building, located on State road, between Bristol and Croydon, is Saturday, October 5th, at two p. m., on the premises.

The plot on which the building is situated contains about one acre of land. Improvements listed are a stone building with wood shingle roof ,there being connections for city water and electric cunrrent. The building contains toilet facilities and a cesspool is on the premises.

The terms given are that 10 per cent of the purchase money shall be paid by the purchaser at the time the property is "struck off" to him, "which shall be forfeited to said school district as liquidated damages in the event the purchaser shall fail to comply with the conditions of sale." Balance of the purchase money is to be paid to the treasurer of the school district on the day of settlement, which shall be within 90 days from the date of sale.

The school district reserves the right to reject any or all bids.

Floral Exhibits Abroad Described to Club

SOLEBURY, Sept. 12 — Miss Helaine Lintleman, Doylestown, who during the summer spent several weeks in Europe in the interests of a seed firm, was the guest speaker before the Solebury Farmers' Club, Saturday evening.

Miss Lintleman described in particular an exhibit of sweet peas in London, which she attended following a flight of 19 hours across the Atlantic. The guest speaker also was in Holland and France. She described the commercial exhibits at the show in London as beautiful in their staging, and she found the amateur exhibitors to be quite enthusiastic.

In England, said Miss Lintleman, very little interest is shown in the decorative classes.

Miss Lintleman described her visits to various seed firms, and noted that all of them are working under great difficulty as a result of the war. They do not complain of the damage done by the war, but are planning for the future with a cheerful outlook on life.

Commenting upon the food situation in England, Miss Lintleman said food is limited as to variety.

AUCTIONS—LEGALS

PUBLIC SALE OF REAL ESTATE

Notice is hereby given that a sale by public auction will be made by the School District of the Township of Bristol, County of Bucks, State of Pennsylvania, on Saturday, October 5, 1946, at two o'clock P. M., on the premises, situate on the northwesterly side of the State Road, between Neshaminy Creek and Bristol Borough, at a corner of land late of Joseph S. Peirce, thence extending by same North 41 degrees West 368.28 feet to a corner, thence by the same South 36¾ degrees West 81.18 feet to a corner, thence by land late of Jesse L. Booz South 23 degrees East 313.50 feet to the side of the Road aforesaid, thence along the same North 67¼ degrees East 184.14 feet to the place of beginning. Containing one acre of land, be the same more or less.

The improvements consist of a stone building with wood shingle roof, connected with city water and wired for electricity, containing toilet facilities and cesspool. The premises are known as "The Badger School."

Ten per cent of the purchase money shall be paid down by the purchaser at the time the property is struck off to him, which shall be forfeited to said School District as liquidated damages in the event the purchaser shall fail to comply with the conditions of sale, and the balance of the purchase money shall be paid to the Treasurer of said School District on the day of settlement, which shall be within ninety days from the date of sale.

The title shall be such as will be insured by any reputable title insurance company transacting business in the County of Bucks, and should the purchaser be unable to secure title, free and clear of all liens and encumbrances, then the down money to be refunded, without interest, and the sale rescinded without any liability on said School District for specific performance, delivery of title, claims or damages.

The cost of the preparation of the deed, acknowledgment, recording, and searches or title insurance shall be paid by the purchaser.

The school district reserves the right to reject any or all bids.

The terms of the sale are cash, and settlement shall be made within ninety days from the date of such sale.

The foregoing conditions of sale are thus provided by Resolution of the Board of Directors of said School District adopted on September 5, 1946.

CLARENCE YOUNG, Secretary,
Board of School Directors of
the Township of Bristol.

PENNSYLVANIA FARM ROUNDUP

By Suzanne Flick
(I. N. S. Penna. Farm Editor)

HARRISBURG, Sept. 12—(INS)—The State Milk Control Commission has undertaken a thorough study of milk production costs in Pennsylvania to be used as a basis for determining future minimum prices for farmers.

Chairman H. N. Cobb reported that extensive field surveys were being made by agriculture students of the Pennsylvania State College. Basic information should be compiled by mid-September and a complete analysis of cost factors released by the first of the year, he added.

Milk production data will include increased costs of feed, labor and equipment, Cobb explained.

"The purpose of the study is to establish the cost of producing milk in Pennsylvania," Cobb said. "From the survey we can get an idea of what the minimum prices should be."

The analysis will be considered along with testimony taken at future milk price hearings, he added.

A 10 per cent decline in crop incomes during the first third of 1946 compared with the same period of last year has been announced by the State Agriculture Department. Receipts between January and April this year amounted to $165,256,000 while those of the same period of 1945 were $182,908,000, it was reported.

The loss was chiefly due to a drop in marketing of livestock, the Department reported.

The State Agriculture Department has reported that one-tenth of the ice cream manufactured in the United States last year came from Pennsylvania plants.

The Keystone State led the country in production of the ice cream with an output of 52,078,000 gallons, the Department reported. An additional 6,154,000 gallons of sherbet was manufactured, it was added.

Other dairy products yields for 1945 included: Butter, 12,041,000 pounds; cheese, 12,856,000; condensed and evaporated milk, 117,407,000 pounds.

Ice cream production was up about 75 per cent while the output of sherbets rose 32 per cent over 1944 figures, the Department reported. Slight increases were noted for all other dairy products.

State Agriculture Secretary Miles Horst has reported complete success in eradicating gypsy caterpillers in infested areas of Luzerne and Lackawanna counties.

More than 17 tons of D.D.T. were sprayed over a 600 square mile area to destroy the pests, he said.

"Not a single live gypsy moth caterpillar has been found in the 54,200 acres of forests, farms and towns treated this year, the 5,000 acres sprayed in 1945 or the 20-acre initial D. D. T. experimental plot treated in 1944," Horst stated.

He said only 84 of the insects were trapped in an adjacent two million acre area.

FOR FINE QUALITY IN PICKLES CHOOSE EXCELLENT PRODUCTS

By Edith M. Hopkins
(Home Economics Representative)

Pickles and relishes may not add much to meals in the way of food nutrients, but because of their color, crispness and tartness, they pep up any meal.

Vegetables should be fresh, crisp, and free from blemishes. Test for hollow cucumbers by seeing if they float in cold water. Fruit should be firm but ripe. Sort vegetables and fruit for size and ripeness.

A good grade of cider vinegar gives the best results. White vinegar is often used to pickle white vegetables so they do not darken. Home-made vinegars are not always satisfactory because the exact strength is not known. Whole spices generally are used because they retain their flavor and are not as likely to affect the color of the foods as ground spices do.

A soft, slippery pickle is often probably one of the most common failures. It may be caused by brine not completely covering pickles, the brine was too weak, the pickles stored in too warm a place, or the pickles cooked too long.

Too strong a salt or sugar solution or too strong vinegar will produce a shriveled pickle. If hollow cucumbers are used, the pickle is likely to be hollow.

In addition to ground spices making pickles dark, using hard water or food coming in contact with iron in the water or utensils will have a similar affect.

HARRISBURG—(INS)—Teletypewriter Earl Lingle fixed a machine in the I. N. S. office and found one small part left over. He was unable to discover where the part should go and contacted his office. Another repairman had dropped the metal piece in the machine and couldn't find it, so he replaced it with a new part.

ERIE — (INS) — Scrap, the Glenwood Zoo's whiskey-drinking chimpanzee, was forced on the "water wagon" by the scarcity of liquor, according to officials. He has become a coffee drinker.

SHARK FACTORY

FORT MYERS, Fla. — (INS) — Three Fort Myers war veterans have set up a shark factory on nearby Bokeelia Island and established a profitable business supplying the essentials for shark liver oil.

NAILS JOB

PORTLAND, Ore.—(INS) — Nails are so scarce one veteran has made himself a job. He pulls old nails out of salvaged lumber and finds plenty of buyers at 6 cents per pound. Normally nobody wants used nails.

KIDNEYS MUST REMOVE EXCESS ACIDS
Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste
If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste.
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.
Kidneys may need help the same as bowels, so ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

PALUMBO ADDS MORE LAURELS TO HIS RECORD

Flashy St. Ann's Shortstop Gets 51 More Runs Than Pica

3RD PLACE DEADLOCK

Oppman of Hibernians and Cialella of St. Ann's Are Even

Tony "Rabbit" Palumbo, flashy shortstop of the St. Ann's team, added more laurels to the regular season champions, by tallying 51 runs, six more than his team-mate, "Joe" Pica.

Palumbo, lead-off man in the St. Ann's batting order, usually worked his way around the base paths by his stealing of bases and ability to run from first to third on sacrifices.

Third place honors was a deadlock between "Wally" Oppman, of the Hiboes, and "Joe" Cialelal, of St. Ann's.

The two leaders for each team was as follows: Rohm & Haas, "Len" Simons, 23, and Dave Ludwig, 16; Processing, Matt Bragg, 38, and "Willie" Abate, "; Harriman, "Jimmy" Cooper, 31, and "Wendy" Tazik, 26; St. Ann's, Palumbo, 51, and Pica, 45; Hibernians, Oppman, 41, and Joe Roe, 37; Edgely, Ralph Linck and "Ed" Hunter, 35 each; Bristol Legion, Art Massi, 20, and "Sal" Sagolla, 17; Badenhausen, "Inky" Schneider, 34, and "Sal" Pappaterra, 31; Langhorne Legion, "Bill" Keen, 32, "Buddy" Brunner and "Rock" Reed, 24; Schutte-Koerting, "Johnny" Mescics and "Charlie" Cook, 18 each; Fleetwings, "Dom" DiBlassio, 19, "Bill" Stockton and "Frankie" Sodano, 18 each.
